Salem-Keizer Transit Seeks Input on Future Strategies

Salem-Keizer Transit is asking the public for input on its strategic goals and projects for the upcoming year. To participate, you are encouraged to fill out a survey online at www.goo.gl/LXxJ5 or at Cherriots Customer Service.

The survey provides an opportunity to rank the importance of specific goals and offer ideas for future strategies and projects. Salem-Keizer Transit will use the survey information to update the Strategic Plan for the fiscal year beginning July 2012.

The Strategic Plan, adopted in July 2011, provides a vision of transportation services for the next twenty years. This high-level document serves as a guide for decision-making, budgeting, and operations of Salem-Keizer Transit.

The survey will be available through the end of January.
