Cherriots Route Improvements Effective December 7, 2009

In response to rider feedback on the new bus routes, Cherriots will make minor adjustments to several routes starting December 7. The changes are as follows:

- Route 1X: The first northbound trip to Wilsonville will leave the Transit Mall at 4:35 a.m. All other routes will remain the same.
- Route 1: The first three trips will leave five minutes earlier to allow for better connections with Route 21 – Rees Hill Loop. Please check a schedule for the new times.
- Route 7: Starting at noon, the Airport Rd. park and ride will be served by the outbound bus only. The park and ride will be served on both inbound and outbound trips before noon.
- Route 9: Several time points have been adjusted by a few minutes. Please check a schedule for the new times.
- Route 11: Several times points have been adjusted by a few minutes. Please check a schedule for the new times.
- Route 17: The outbound bus will no longer pull into the Market St. park and ride. The bus will pick up at the southwest corner of Market and Hawthorne across the street instead.
- Route 21: The bus will leave five minutes earlier from Sunnyside and Hilfiker to allow for better transfers between routes 1 and 21 at Boone/Sunnyside and Commercial/Lone Oak. Please check a schedule for the new times.

Maps and schedules for all routes are available online at www.cherriots.org.
