SALEM AREA MASS TRANSIT DISTRICT
BOARD OF DIRECTORS

Monday, August 12, 2019

SPECIAL MEETING 5:30 PM
WORK SESSION 5:45 PM

Courthouse Square – Senator Hearing Room
555 Court Street NE, Salem, Oregon 97301

AGENDA

SPECIAL MEETING
1. CALL TO ORDER (President Davidson)
   a. “SAFETY MOMENT” Thought for the Day
   b. Announcements

2. ACTION ITEM
   a. Contract Award for Cherriots LIFT Vehicles.............................. 1
   b. Contract Award for Regional and Shop and Ride Vehicles.......... 3

2. ADJOURN SPECIAL MEETING

WORK SESSION

1. CALL TO ORDER (President Davidson)

2. PRESENTATIONS
   a. Board Ethics Training (Ben Fetherston)
   b. Bus Camera Replacement Project (Chip Colby).......................... 5

3. DISCUSSION
   a. Keizer Transit Center Project Update....................................... 7
   b. September 7th New Service Event.......................................... 9
   c. Review Neighborhood Association Assignments.......................... 12
   d. Board Committee Assignment............................................... 15
   e. Board Retreat..............................................................................
4. **GENERAL MANAGER COMMENTS**
   a. Draft Agenda for the August 22, 2019 Regular Meeting.............. 19
   b. Upcoming Board Agenda Items ........................................... 20
   c. Calendar Review ................................................................. 21

5. **ADJOURN**

This is an open and public meeting in a place that is ADA accessible. Auxiliary hearing aids and services, and alternate formats are available to individuals with limited English proficiency. Requests can be made directly to the Clerk of the Board by phone at 503-588-2424 or with the assistance of TTY: Oregon Relay Services at 1-800-735-2900 (or 711). Please allow for a 48 hour notice Cherriots administration office hours are Monday-Friday from 8:00 AM to 5:00 PM.

For an electronic copy of the Board's agenda packet, go to www.cherriots.org/board.

Esta es una reunión pública y abierta en un lugar al que la ADA puede acceder. Los audífonos y servicios auxiliares y los formatos alternativos están disponibles para personas con dominio limitado del inglés. Las solicitudes se pueden hacer directamente al Secretario de la Junta por teléfono al 503-588-2424 o con la asistencia de TTY: Servicios de retransmisión de Oregón al 1-800-735-2900 (o 711). Permite un aviso de 48 horas. El horario de la oficina de administración de Cherriots es de lunes a viernes de 8:00 a.m. a 5:00 p.m.

Para obtener una copia electrónica del paquete de la agenda de la Junta, vaya a www.cherriots.org/board.

---

**Mission**
Connecting people with places through safe, friendly, and reliable public transportation services

**Values**
Safety – Service Excellence – Communication – Innovation – Accountability
To: Board of Directors

From: Gregg Thompson, Maintenance Manager
       David Trimble, Chief Operating Officer

Thru: Allan Pollock, General Manager

Date: August 12, 2019

Subject: Acquisition of three (3) ADA compliant paratransit vehicles

ISSUE
Shall the Board authorize the General Manager to execute a contract with Schetky Northwest Sales, Inc. for the purchase of three (3) ADA compliant paratransit vehicles for the Cherriots Lift service for a not-to-exceed amount of $255,056?

BACKGROUND AND FINDINGS
SAMTD's current fleet for delivery of the ADA Cherriots Lift service consists of 43 cut-away ADA lift-equipped vehicles. Regular replacement of these vehicles is necessary to ensure safe, efficient delivery of this service. As part of the District's overall Capital Planning efforts, SAMTD staff is committed to ensuring our vehicles are replaced at a schedule consistent with industry best practices. The three (3) vehicles scheduled to be replaced have exceeded 11 years of age, which far exceeds the 5-year Minimum Useful Life Benchmark set by the Federal Transit Administration.

The contract price is based upon a State of Oregon price agreement, procured under procedures set by the Oregon Department of Transportation's Public Transit Division. In accordance with these procedures, SAMTD staff issued a formal, competitive Invitation to Bid for medium-size Category E2 vehicles. Schetky Northwest Sales, Inc. met all required specifications and was the lowest cost.
Vehicle costs are listed in the table below:

<table>
<thead>
<tr>

</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td><strong>GRAND TOTAL:</strong> $255,056</td>
</tr>
</tbody>
</table>

The Oregon State contract expires on August 13th, a new contract has not yet been established. The expiring contract, combined with the length of time for bus production could possibly delay delivery dates beyond the grant expiring. These events are why we are seeking approval outside of a regularly scheduled Board Meeting.

**FINANCIAL IMPACT**
Funding for this proposed contract is included in the FY2019-20 Adopted Budget in the Capital Projects Fund. Funding for the proposed contract is covered through a Federal Transit Administration STP 5310 grant with local match, and the activities of this contract are covered in the grant agreement.

**RECOMMENDATION**
Staff recommends that the Board authorize the General Manager to execute a contract with Schetky Northwest Sales, Inc. for the purchase of three (3) ADA compliant paratransit vehicles for the Cherriots Lift service for $232,056, plus a contingency of $23,000, for a total not-to-exceed amount of $255,056.

**PROPOSED MOTION**
I move the Board authorize the General Manager to execute a contract with Schetky Northwest Sales, Inc. for the purchase of three (3) ADA compliant paratransit vehicles for the Cherriots Lift service for $232,056, plus a contingency of $23,000, for a total not-to-exceed amount of $255,056.
To: Board of Directors

From: Gregg Thompson, Maintenance Manager  
      David Trimble, Chief Operating Officer

Date: August 12, 2019

Subject: Acquisition of three (3) ADA Compliant Regional and Shop and Ride Vehicle

ISSUE
Shall the Board authorize the General Manager to execute a contract with Schetky Northwest Sales, Inc. for the purchase of two (2) ADA compliant paratransit vehicles for Cherriots Regional service, and one (1) ADA compliant paratransit vehicle for Cherriots Shop and Ride Service for a not-to-exceed amount of $248,249?

BACKGROUND AND FINDINGS
SAMTD’s current fleet for delivery of the ADA Cherriots Regional service consists of 4 cut-away ADA lift-equipped vehicles and 7 category B buses. The Shop and Ride service consists of 3 cutaway buses and 2 mini vans. Regular replacement of these vehicles is necessary to ensure safe, efficient delivery of this service. As part of the District’s overall Capital Planning efforts, SAMTD staff is committed to ensuring our vehicles are replaced at a schedule consistent with industry best practices. The three (3) vehicles scheduled to be replaced have exceeded 11 years of age, which far exceeds the 5-year Minimum Useful Life Benchmark set by the Federal Transit Administration.

The contract price is based upon a State of Oregon price agreement, procured under procedures set by the Oregon Department of Transportation’s Public Transit Division. In accordance with these procedures, SAMTD staff issued a formal, competitive Invitation to Bid for medium-size Category D vehicles. Schetky Northwest Sales, Inc. met all required specifications and was the lowest cost.
Vehicle costs are listed in the table below:

<table>
<thead>
<tr>
<th>CATEGORY</th>
<th>PRICE</th>
<th>QUANTITY</th>
<th>TOTAL</th>
</tr>
</thead>
<tbody>

**RECOMMENDATION**

Staff recommends that the Board authorize the General Manager to execute a contract with Schetky Northwest Sales, Inc. for the purchase of two (2) ADA compliant paratransit vehicles for Cherriots Regional service, and one (1) ADA compliant paratransit vehicle for Cherriots Shop and Ride Service for $226,289, plus a contingency of $22,000, for a total not-to-exceed amount of $248,249.

**PROPOSED MOTION**

I move the Board authorize the General Manager to execute a contract with Schetky Northwest Sales, Inc. for the purchase of two (2) ADA compliant paratransit vehicles for Cherriots Regional service, and one (1) ADA compliant paratransit vehicle for Cherriots Shop and Ride Service for $226,289, plus a $22,000 contingency, for a total not-to-exceed amount of $248,249.
Bus Camera Upgrade - Project Goals

- **Increase quality** by utilizing newer high-resolution technology cameras.
- **Improve service reliability** by installing equipment that has fewer failure points.
- **Enhance access** by creating a network accessible camera system that can be accessed even while the bus is moving.
- **Optimize efficiency** by having data needed from the camera systems downloaded automatically once the bus enters a transit center or the yard.

Bus Camera Upgrade - Background

Why we have cameras on our buses:

- **Protect Fleet Operators** - To protect drivers and operators from bad drivers or passengers who might be1)
  physically or emotionally abusive toward drivers or other passengers.
- **Enhance data regulations** - Data regulations have been stepped up in recent years with multiple federal and state regulations.
- **Improve passenger safety** - The implementation of bus cameras can help deter and detect physical and sexual abuse of passengers.
- **Reduce insurance costs** - Cameras can be a deterrent to reduce insurance claims and costs.
- **Ensure compliance with federal and state regulations** - Cameras can help ensure that the bus is operating within compliance with federal and state regulations.
- **Improve driver performance** - Cameras can help improve driver performance by providing additional data and feedback.
- **Reduce passenger complaints** - Cameras can help reduce passenger complaints by providing a means to verify and address complaints.

Bus Camera Upgrade - What’s being upgraded?

- **Current Safety Vision 6000 series camera systems** have been in service for between 8 and 13 years. In many instances the equipment is so old replacement parts cannot be found.
- **While the 6000 series has been a reliable solution for the district but newer 996000 series cameras offer superior video quality, and better fields of view.**

Can you see the difference?
Bus Camera Upgrade – How does this improve Security?

The 6000 is on the right and the 5V8000 is below. Can you read the license plates?

Bus Camera Upgrade – How is it being funded?

- Funding for the Bus Camera upgrade comes from the ITS Systems Implementation funding that is also funding the majority of the Comprehensive CAD/AVL project, specifically the Security Projects line item.

Bus Camera Upgrade – How many?

We're also migrating new buses to 12 cameras and adjusting placement to cover more of the interior and exterior of the bus.

Next Steps & Final thoughts...

- This Board Briefing is intended to set the stage for requiring approval of the purchase of this upgrade at either the September Board meeting.
- This effort overlaps only slightly with the forthcoming CAD/AVL implementation and can/will occur in parallel.
- The Board will be briefed again once the project is complete.
- It is our intention to have this implementation substantially complete by June 30, 2020.
- Questions?
In 2011, the City of Keizer developed a Master Plan for Area B that incorporated the function of the Keizer Transit Center (KTC) into the overall development. An element included in the Master Plan was a signalized intersection to be located at the entrance of the KTC. This intersection also included a drive access serving the parcels and future businesses on the opposite side of Keizer Station Boulevard across from the entrance to the KTC.

In late 2010, a scope of work was developed for the engineering and design of the KTC. Based on the construction cost estimates developed during the preliminary design phase, the cost to construct the signalized intersection was estimated at $1.1 - $1.3 million. When considered with the rest of the estimated construction costs to complete the facility, in comparison to the available funds for the project, it was determined to eliminate the signalized intersection from the project until a later date. From an operational perspective, this was not optimal and would result in a significant loss of productivity due to the out of direction travel required by a right only exit from the facility; it was acceptable for the immediate future.

In the summer of 2012, the KTC opened and service began to operate. The project ultimately came in under budget with project revenue remaining after expenses had been paid. After a year of operation, planning and operations staff determined that the time loss for each route having to travel through the commercial area of Keizer Station in order to proceed to their routes was four minutes. With a signal and still operating one route through Keizer Station, the amount of time each day saved is nine hours under our current service. This service will be used to provide better coverage in the SAMTD service area. The signalized intersection will also help people using the park
and ride lot, which (based on periodic observations) is currently being used a minimum of 70% of capacity, to have better access in and out of the KTC.

On December 13, 2018, SAMTD awarded a contract to Brown Contracting, Inc. (BCI) from Eugene, Oregon being the lowest responsible bidder with a total project bid of $1,578,822. BCI began work on the project in January 2019 and have completed most of the road widening, paving, sidewalks, street lights, and are nearing completion of everything except the signals.

All parts of the project have remained on schedule, except the acquisition and installation of the actual signal equipment. These components are manufactured by Valmont, the main supplier of traffic signal poles and mast arms. The facility used to manufacture these items is located in Nebraska, and on March 13, 2019 flooding occurred that flooded Valmont’s Nebraska facility, thus causing major delays for them to fulfill existing orders, and significantly extend the delivery time for any new orders.

The KTC project schedule specified August 16, 2019 as the substantial completion date, and while BCI will meet that date for everything else, the current schedule for the signals to be shipped, installed, and configured for operation is now late December 2019. SAMTD’s new service will start on September 3, 2019 and routes serving KTC are configured to operate with a functioning traffic signal in place.

The recommended solution from the project team is to install a temporary signal that will use wooden poles and overhead span-wire signals to allow for planned service to operate until the permanent signals will be functional in December. The cost of the temporary signal fully installed is $93,905. The project budget approved by the Board included a 15% contingency in the amount of $236,823 that to date has not been utilized. A change order was initiated in the amount of $93,905 and applied towards the contingency.

Date: August 12, 2019

Subject: September 7, 2019 New Service Event

The 2017 Oregon Legislature established a dedicated funding source for Cherriots to enhance and expand its services. Next month, the District will deliver Saturday and more weekday service to communities in the Mid-Willamette Valley.

We are celebrating this ground-breaking milestone with a public event on the first day of Saturday service, September 7th. The Saturday's Alright for Riding Committee has planned a fun, family-friendly event from 10 a.m. to 4 p.m. at the Downtown Transit Center, with activities on or near the north block.

We will have a new bus available for people to tour. Staff representing Travel Training, Trip Choice, and Marketing will have tables with information and promotional items commemorating this special day. Vendors will be setting up food carts along Chemeketa Street between High and Church streets. The Northwest Hub is bringing its mobile bike repair bus, which was donated by Cherriots; and staff are building a parklet, which is an open and relaxed space resembling a small park.

Transit hosts and Cherriots ambassadors will be wearing the new commemorative t-shirts and canvassing the DTC to assist visitors and assure riders get to their correct buses and bays.

Planning the event has been an inclusive process with representation from all our Divisions: Communication Roxanne Beltz, Kiki Dohman, Patricia Feeny, Tricia McCain, Mischa O'Reilly, Tristan Reedy, Finance Carrie England, Operations Jolynn Franke, Julie Ryan, General Manager Linda Galeazzi.

In addition to the committee members, Steve Dickey, director of project management and strategic initiatives, has been working with the city on signage and permits and with the Salem Farmers Market organization on logistics.
SATURDAY’S ALRIGHT FOR RIDING

Run of Show
September 7, 2019

7 to 9 a.m. Set up:
- Food carts
- Activity stations
- Parklet
- Tent
- Tables, chairs, podium
- PA system

10 a.m. event opens to the public
- Informational and promotional tabling with Cherriots Marketing, Planning, Trip Choice, and Travel Training teams
- Personalized button making station
- Balloon artist
- New bus open for tours
- Team Cherriots characters set up for photos
- The Northwest Hub bus (donated by Cherriots)

11 a.m. Caesar the No Drama Llama arrives

11:55 a.m. Head of logistics committee (Michiel Majors) asks people to begin moving to the tent

12:05 p.m. VIP remarks/recognition
- General Manager Welcomes Attendees and makes opening remarks
- GM introduces Board President Ian Davidson
- President Davidson makes remarks and acknowledges and introduces VIPs
- Remarks from VIPs
- Back to Allan who closes this part of the event and invites folks to tour the bus and try the bus, reminding that all Saturdays in September are fare free.

12:30 p.m. Event activities continue

2 p.m. Caesar exits

4 p.m. Event concludes

4 to 6 p.m. Take down and clean up

Subject: Neighborhood Associations

The intent of this item is to share with the Board the neighborhood associations within your respective subdistricts. You will find two versions of the report. The first is a listing of neighborhood associations by Director. The second is a listing by neighborhood association. The purpose of the second roster is to identify those neighborhood associations represented by more than one Director.

In the past when more than one Director is attached to a neighborhood association the Directors designate a primary representative for that neighborhood association.

* Director in **BOLD** is the Primary Contact
According to Rule 22(a) Committees in the Board ByLaws, “The President, from time to time, or the Board, by majority vote of its members at any meeting, may appoint Board members and other interested private citizens and representatives of groups and organizations to serve on standing or special committees. At the time of appointment of such members, the President shall state the purpose and duties of the committee. Any committee authorized by the Board shall perform the duties prescribed by the Board at the time the committee was created and shall be subject to the direction and control of the Board...”

In addition the President appoints Board members to represent the District at various local, regional, and state committees. The intent of today’s discussion is to review the available committee assignments and answer any questions on the roles of the committees and their normal meeting schedule.

Attachment A includes the Board committee assignments that President Davidson will appoint at the August Board meeting.
