July 2022

## **2022 Section 5310(FTA) Grant Application Instructions**

For Projects Located Within the Salem-Keizer Urban Growth Boundary

### **Introduction**

Title 49 USC 5310 authorizes the formula assistance program for the Enhanced Mobility of Seniors and Individuals with Disabilities Program and provides formula funds to designated recipients to improve mobility for seniors and individuals with disabilities.

Cherriots is the designated recipient for the Salem-Keizer urbanized area and will receive \$364,199 in FY22 Section 5310 funds for projects to be funded over a one-year period. These funds may only be used for projects within the Salem-Keizer Urban Growth Boundary (UGB).

This program provides funds to:

- (1) Serve the special needs of populations who do not have access to a personal vehicle beyond traditional public transportation service, where public transportation is insufficient, inappropriate, or unavailable;
- (2) Projects that exceed the requirements of the Americans with Disabilities Act (ADA);
- (3) Projects that improve access to fixed route service and decrease reliance on complementary paratransit; and
- (4) Projects that are alternatives to public transportation.

A discretionary selection process will be followed as outlined in the Cherriots *Program Management Plan for the Salem-Keizer Urbanized Area's Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities Program*. Please see this link for the document: [Cherriots.org/grants](http://Cherriots.org/grants)

### **Eligible expenses**

Section 5310 funding requires at least 55 percent of the funding apportionment must be:

- Used for capital expenses for public transportation projects that are planned, designed, and carried out to meet the special needs of seniors and individuals with disabilities (i.e. traditional Section 5310 capital projects).
- Projects must directly serve and have a specific benefit to seniors and individuals with disabilities.
- Mobility management expenses, previously eligible under Section 5317, are eligible and qualify for this traditional Section 5310 project requirement.

### **Grant Award Process:**

Cherriots administers the grant process for these funds, reviews applications and forwards eligible applications to committee, and makes application to FTA. A Technical Advisory Committee (TAC) made up of STF Advisory Committee (STFAC) members, and one representative of the Mid-Willamette Valley Council of Governments (MWCOG) will convene at a meeting after the application deadline. Applicants are required to present their project ideas to the TAC in order for funding recommendations to be made to the STFAC.

The STFAC will review the TAC's recommendation and make project recommendations to the Cherriots Board of Directors.

Once the funding recommendation is approved by the Cherriots Board of Directors, Cherriots staff drafts agreements with recipients and sends a copy to FTA. Grant awards are for a one-year term.
