   Presenter: Ted Stonecliffe, Transit Planner II (Programs)
   Staff Report: Pages 29-136 of the agenda and the Supplemental Agenda
   Mr. Stonecliffe noted a clerical error on pages 5-6 of the Title VI Program document that had been corrected. Under 2019 fare change it now reads “Outreach events were held in May and June of 2018 for the July 1, 2019 fare change. A public survey was held May 13 – June 10, 2018 to gain feedback on the proposed new fare structure. In-person events were held in the Customer Service lobby at the Downtown Transit Center, Chemeketa Community College, and various high schools, senior centers, and neighborhood associations throughout Salem and Keizer.”
There was a time for questions from the Board. In response, Mr. Stonecliffe explained that no changes would be needed to address emergency situations, like the pandemic, in the document at this time. Mr. Dickey explained why tribal consultation is required each time the District does a capital project. Mr. Pollock advised that the District has made system changes but have not made service changes which are reportable to the FTA.

H. INFORMATION ITEMS

1. Performance Report for the Third Quarter

Staff Report: Pages 155-184 in the agenda
Presenter: Chris French, Senior Planner
Mr. French announced that Cherriots Shop and Ride has been suspended. Dial-A-Ride will run again beginning June 1 with a four passenger limit. He reported that the data for March reflected the changes to service made in response to the COVID-19 pandemic, which ultimately required the suspension of service on March 31, 2020. The changes that took place in March have affected all areas of the service. Most notably, the daily average revenue hours, daily average revenue miles, daily average rides, and fares. Data for the months of January and February shows good overall system performance.

2. Cherriots Trip Choice Report for the Third Quarter
   Staff Report: Pages 143-154 in the agenda
   Presenter: Roxanne Beltz, Transportation Options Coordinator

Ms. Beltz reported on the activities, goals, and metrics of the Cherriots Trip Choice program that are structured around the 2019-2020 Oregon Department of Transportation approved work plan. She provided details of specific goals and activities accomplished during the third quarter. She also announced that vendors who provided for the Ride Salem bike sharing program have announced their closure due to the pandemic. The Ride Salem Board will meet to discuss their options. Ms. Beltz is on that board. She also reported that thirteen vanpools have suspended operation. The District will subsidize what they can and continue to work with the vendor.

3. Financial Report for the Third Quarter
   Staff Report: Pages 185-191
   Presenter: Al McCoy, Chief Financial Officer

Mr. McCoy reported that Total Operating Revenues are at 63% of total annual budget in the third quarter. Passenger Fares were at 58% of total budget, related to the COVID-19 virus pandemic. The Oregon State in Lieu payments were 57% of total budget, and the District received 99% of total projected Property Taxes by the end of the third quarter. Advertising revenues exceeded its annual budget but there will be a reduction in the final quarter from businesses already hurting from pandemic-related closures. The vendor and Cherriots have agreed to modify the contract for 6 months switching from guaranteed monthly amounts to a percentage basis.

Mr. McCoy stated that the Total Operating Expenditures of the General Fund are slightly under budget at 71%. All divisions except Administration and General Administration are at or below budget in their spending, ranging from 58% to 72% of the annual budget. The Administration Division was over budget at 78% because of benefits paid out for a retirement, higher than anticipated legal services, and other professional services costs. The General Administration Division is at 84% primarily
due to higher premium rates and the timing of payments for District membership
dues in various organizations.

He said total fund expenditures are at 66% of the total annual budget in the
Transportation Programs Fund. All divisions and programs within this fund are at or
below the expected 75% of annual budget. Revenues in the Capital Project Fund are
at 29%; they lag expenditures until the District is reimbursed by the granting federal or
state agency. In total, Capital Project Fund expenditures are 38% of the annual
approved budget. The signalization project at Keizer Transit Center, vehicle purchases for
Cherriots local service, CAD/AVL equipment purchases, bus stop and shelter
improvements, and several replacement equipment items for the Maintenance shop
were primary expenditures year-to-date.

I. GENERAL MANAGER’S REPORT
Mr. Pollock reported on the results of COVID-19 on the District and how the last two
month have changed the way the District does business and provides service. The
District went into emergency operations mode as a result. Service was reduced with a
focus on essential trips only. Employees, riders and community members went into
quarantine. Safety for the drivers and safety for the community was emphasized and
enhanced. Ridership plummeted, service was changed and the Board and staff need to
spend time looking at how Cherriots will look like in the future. Mr. Pollock described
three phases of major change as the ending, the neutral zone and the beginning. For
Cherriots that is the ending of transit service as it was. Phase two is the recovery phase
and transition. Phase three will be the new normal and possibly it will happen when the
new vaccine is out. He asked that the Board begin to think about some of the key issues
that they should have serious discussion about, that are significant for the next five years.

J. BOARD OF DIRECTORS REPORTS
Board members reported on their Board assignments, and citizen communications.
There were no meetings of the Mid-Willamette Area Commission on Transportation
(MWACT) or the Cherriots Citizens Advisory Committee (CAC). Meetings are scheduled on
June 2nd for the Statewide Transportation Improvement Fund Advisory Committee
(STIFAC), and on July 7th for the Special Transportation Fund Advisory Committee (STFAC).

President Davidson referred Directors to the Mid-Willamette Valley Council of
Governments’ website for the “COG Works” semi-annual report.

Director Carney reported that the Salem-Keizer Area Transportation Study (SKATS)
Policy Committee met on May 26th where they approved projects for the Statewide
Transportation Improvement Program. She also attended her local neighborhood association meeting virtually.

Director Nguyen said she had been tracking Cherriots Facebook feed and sent kudos out to the communication team.

Director Rodgers announces his resignation from the Board as of June 30, 2020. He said he has loved serving the Board as a member but his work situation has made it impossible to attend the meetings. Director Busch thanked Director Rodgers for his work, his comradery and his contributions.

President Davidson said he was grateful for Director Rodgers dedicated service. He said that Mr. Pollock would work with the Governor’s Office to appoint a replacement for Director Rodgers’ position representing Subdistrict #4.

Director Krebs’ connection to speak from his computer was cutting out and was not clear. He was not able to give his report.
